

# SWITCH TO THE ALL NEW MICROMEDEX 2.0 NOW!

Thomson Reuters has taken the next step in delivering an intelligent, streamlined product that provides the content you've come to trust: *Micromedex*® 2.0! With smarter search tools and evidence-based content trusted around the world, *Micromedex* 2.0 is a powerful tool that is simple to use.

Because *Micromedex* 2.0 is so easy to use, we've made switching to the new version just as easy. You simply need to update your existing links to the new Web site addresses, provided below, and then contact us to make *Micromedex* 2.0 your new default version.

## IP AUTHENTICATION

Internet Protocol (IP) authentication is the automatic authentication of any user accessing a particular Web site from a specific originating public IP address, or IP range.

Review the table below to determine if your IP authenticated links/shortcuts need to be updated, or if Thomson Reuters needs to set *Micromedex* 2.0 as your default version.

If...	Then...
You are using either of the following links: <a href="http://www.thomsonhc.com/">http://www.thomsonhc.com/</a> <a href="http://www.thomsonhc.com/home/dispatch">http://www.thomsonhc.com/home/dispatch</a>	You do not need to make any changes to links/shortcuts. Contact Thomson Reuters to make the change for you.
You are using the following link: <a href="http://www.thomsonhc.com/hcs/librarian">http://www.thomsonhc.com/hcs/librarian</a>	Change your links/shortcuts to: <a href="http://www.thomsonhc.com/micromedex2/librarian">http://www.thomsonhc.com/micromedex2/librarian</a> and contact Thomson Reuters to change your default <i>Micromedex</i> version.

## REFERRING URL AUTHENTICATION

Referring uniform resource locator (URL) authentication is based on the location of a link on your facility's Intranet.

Review the table below to determine if your referring URL authenticated links/shortcuts need to be updated, or if Thomson Reuters needs to set *Micromedex* 2.0 as your default version.

If...	Then...
You are using the following link: <a href="http://www.thomsonhc.com/home/dispatch?partner=true">http://www.thomsonhc.com/home/dispatch?partner=true</a>	You do not need to make any changes to links/shortcuts. Contact Thomson Reuters to make the change for you.
You are using the following link: <a href="http://www.thomsonhc.com/hcs/librarian?partner=true">http://www.thomsonhc.com/hcs/librarian?partner=true</a>	Change your links/shortcuts to: <a href="http://www.thomsonhc.com/micromedex2/librarian?partner=true">http://www.thomsonhc.com/micromedex2/librarian?partner=true</a> and contact Thomson Reuters to change your default <i>Micromedex</i> version.

If you have questions or need assistance making the switch, contact Thomson Reuters at **+1 877 843 6796**. When prompted, say "Micromedex" and then choose option three (3), for the Customer Resource Center. You can also contact us online at <http://www.micromedex.com/request/>.
