

The **LOLI (List of Lists) Database** contains more than 3,000 regulatory lists from around the world, including environmental, health and safety, international inventories, and reference material necessary for preparation of Material Safety Data Sheets (MSDS). The LOLI Database is fully integrated with our entire suite of **Micromedex® Corporate Solutions** products. Developed and maintained by ChemADVISOR, Inc., LOLI contains hundreds of thousands of chemicals and synonyms, along with thousands of links to list descriptions and more.

LOLI: The Regulated Chemicals List of Lists

Contains regulations from advisory agencies and government bodies all around the globe. In addition, there are sets of data covering physical-chemical properties, toxicity, and ecotoxicity for chemical substances. Agencies include:

- ACGIH
- AIHA
- ASEAN
- CONEG
- Council of Europe
- FEMA
- Global Automotive Stakeholder Group
- IARC
- ICCA
- IFRA
- IPCS
- NFPA
- NIOSH
- NTP
- OECD
- OSPAR
- The Australia Group
- World Health Organization

LOLI provides information from more than 70 countries, covering:

- Africa
- Asia-Pacific
- North America
- EU and non-EU countries
- Latin America

Also includes domestic data from Canadian provinces and U.S. states, European Union Directives, and United Nations Lists.

BENEFITS

- Aids in understanding the impact of introducing new chemicals to a workplace, preparing MSDS, and achieving compliance
- Assists in achieving compliance with reporting, tracking, and other regulatory requirements

FEATURES

- Contains the most current information from international regulatory and advisory agencies
- Ensures accurate identification of all agency-specific references with synonyms for individual substances
- Searches all lists simultaneously using CAS number, substance name, and more than 2.1 million synonyms
- References the original source document
- Available via Internet

LOLI Global Inventories™

Contains the following international inventory lists:

- Australian Inventory
- Canada Domestic Substances List
- Canada Nondomestic Substances List
- China Inventory
- European Inventory of Existing Commercial Chemical Substances (EINECS)
- European List of Notified Chemical Substances Inventory (ELINCS)
- Japan—Existing and New Chemicals and Substances (ENCS)
- Korea—Existing and Evaluated Chemical Substances Inventory (ECL)
- Philippines Inventory
- U.S. TSCA Inventory
- United Kingdom—The Red List: Dangerous Substances in Water
