

# mobileMicromedex<sup>®</sup> 2.0 access

Access is via facility-wide username/password:

1. With same username/password already use to access their online subscription, or
2. If you access via IP Authentication and/or Trusted Source, you can retrieve your facility-wide un/pw from the Micromedex 2.0 “MOBILE”

- Point your browser on the mobile device to the URL indicated on the Micromedex 2.0 “MOBILE” page
- Once you log-in on your mobile device a cookie will be deposited on your mobile device, allowing you to bypass the login until it expires at the end of the quarter.
- After every quarter you must return to 2.0 online desktop to retrieve a new username and password.
- ***Still have questions? Contact our Customer Resource Center:***
