

QUICK TIP

#9 Helpful Guides for Trainers and Educators

You have access to instruction manuals to help guide trainers and educators through Micromedex® Solution training at your facility. These step-by-step guides feature in-depth instructions and examples designed to help your staff use our solutions efficiently and effectively.

The following instructor guides are available in an easy-to-download PDF format:

- Point-of-Care Solution
- Micromedex® Healthcare Series
- CareNotes™
- Formulary Advisor®

You can access the guides by clicking on the “Training Center” link at the bottom of the Point-of-Care Solution or Healthcare Series. Or you can simply visit www.micromedex.com/support/training/instructor to download the guides applicable to your facility.
